**Spotlight on... numbers**

Did you know...

**Numberblocks** is a pre-school BBC TV series aimed at introducing children to early number. The NCTEM (National Centre for Excellence in the Teaching of Mathematics) have worked with the TV company to produce snappy animation and loveable characters that combine with engaging storylines to gently introduce concepts of number to support early mathematical understanding.

Miss Lisa loves using the Numberblocks in nursery - it's a great way to kick start a conversation about number and gives children the opportunity to talk about what they know, to show what they know using other resources and to learn new skills.
