

16th March 2018

Happy St. Patrick's Day! This Saturday...

Oooo! This looks interesting...

Do you have...

Expressive Arts and Design

This part of the curriculum covers:

- Exploring and using media and materials
- Being imaginative

What might this look like?

Exploring and using media and materials

Does your child love singing and dancing? Maybe they love making music with instruments. Perhaps your child likes exploring paint and what happens when they mix colour? Or maybe they enjoy making art with other materials such as crayons, play dough or textiles.

Does your child enjoy using scissors, stampers, hole punches and other simple tools? Maybe your child likes mixing materials and exploring new textures? Your child might be able to plan ahead, deciding what they want to make and choosing the resources they need.

Being imaginative

Maybe your child loves building stories and role-playing, either with objects (such as their teddy bear needing to see a doctor) or with other children. Does your child enjoy being creative to show how they feel and what they know? For example dancing to music or making a picture to show what they did at the weekend.

Designed by Freepik

We would really appreciate:
Old hats and scarves for an outdoor dress up box - to go with our simple stage area...
And any left over guttering, pipes, cable wheels, large plastic crates etc. for large scale building...

Why couldn't the pony sing himself a lullaby?

He was a little hoarse!!!!

Are you a pre-school parent?
Is your child coming to the Reception class at Crackley in September?
Don't forget - second hand uniform is always available to buy before Friday morning assembly...

Little Crackers Nursery · Crackley Hall · St Joseph's Park · Kenilworth · CV8 2FT
