## Spotlight on sharing:

Lockdown life had many benefits as well as the well documented frustrations... one of those benefits, especially for little ones, was not having to share toys with friends!

The joy of having your own toys to yourself however inevitably changes, and now we are back to sharing again...

For many youngsters, the word 'share' means, 'give it to me, it's my turn!' At Little Crackers we talk through and teach the skills necessary to wait, take turns and think of others. If you want to find out more, this is an interesting article:
