

Mathematics	English	Science
<p>Topic/s: Examination Preparation and Technique, Revision, Consolidation and Extension across all areas of the mathematics curriculum</p> <p>Aim/s:</p> <ul style="list-style-type: none"> To ensure fluency in all four number operations, using efficient written and mental methods of calculation. To further develop connections between multiplication and division with fractions, percentages, decimals and ratio. To solve problems involving statistics, geometry and measures. To apply mathematical knowledge and skills to explore and make conjectures across the mathematics curriculum, including within real life scenarios. To develop an early understanding of algebra. To practise both Mathematics and Non-Verbal Reasoning techniques and papers under timed conditions. <p>Skills: Through their learning pupils will develop the skills of: Calculation; four rules of number; problem solving; reasoning; comprehension; analysis; resilience; perseverance.</p> <p>Subject teacher/s: Mrs. Horan – Mrs. Vaughan – Mrs. Forino</p>	<p>Topic/s: Key narrative techniques, Examination Preparation & Technique, Comprehension.</p> <p>Aim/s:</p> <ul style="list-style-type: none"> To read a range of short texts with understanding and answer related questions. To use punctuation accurately and precisely, creating a variety of sentence structures confidently and appropriately. To use ambitious vocabulary accurately and precisely. To write neatly, legibly, accurately and fluently at speed. To write narrative texts with confidence and imagination, including pertinent and precise detail as appropriate. To edit and refine written work. <p>Skills: Through their learning pupils will develop the skills of: Inference; deduction; prediction; explanation; retrieval and summarisation; description; grammatical accuracy.</p> <p>Subject teacher/s: Mrs. Horan – Mrs. Vaughan – Ms Ellis</p>	<p>Topic/s: Light, Animals (including humans) - the circulatory system</p> <p>Aim/s:</p> <ul style="list-style-type: none"> To understand how light travels. To understand how we see objects and colour. To learn how light is reflected and refracted. To learn how shadows are formed. To identify and name the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood. To identify the components of the blood. To learn how a clot forms and the function of white blood cells. To investigate pulse rates, breathing rates and activity. To review the functions of the heart and lungs. <p>Skills: Through their learning pupils will develop the skills of: Recording data and results accurately; reporting findings from enquiries; applying knowledge to results in order to form conclusions; presenting work orally, in written format or in display format; linking knowledge from other topics.</p> <p>Subject teacher/s: Mrs Lammas - Mrs. Vaughan</p>
History	Geography	RE
<p>Topic/s: Victorians, World War I and Titanic</p> <p>Aim/s:</p> <ul style="list-style-type: none"> To find out about Queen Victoria and her family. To compare Victorian and modern schooling. To understand what working conditions were like for Victorian children. To understand that Britain was a powerful force in the 1800s. To have an overview of the main causes of World War I and which countries fought on which side. To know some of the key events that took place during the war. To know what life was like on the front line and in the trenches during World War I. To know what the Titanic was, when and where it sailed and how it sank. To know the different types of passengers on board the Titanic and have an understanding of the varying classes of accommodation. <p>Skills: Through their learning pupils will develop the skills of: Analysis; empathy; comparison; drawing connections; critical thinking.</p> <p>Subject teacher/s: Mr Vaughan – Mrs Forino</p>	<p>Topic/s: Mountains and Rivers</p> <p>Aim/s:</p> <ul style="list-style-type: none"> To know the names and positions of the continents and oceans. To name and locate the world's mountain ranges and major mountains. To name and locate the world's major rivers. To understand how mountains are formed. To understand the water cycle and how rivers are formed, eroded and used. To know of the effects humans have on different environments. <p>Skills: Through their learning pupils will develop the skills of: Map reading; explanation; location; comparison.</p> <p>Subject teacher/s: Mr Vaughan – Mrs Forino</p>	<p>Topic/s: The People of God, Followers of Christ, Advent and Christmas</p> <p>Aim/s:</p> <ul style="list-style-type: none"> To know that the Bible is a library of books that can be categorised, and identify some literature styles within the Bible. To know some stories of significant people from the Old Testament and discuss the relationship these people had with God.
