

1st July 2022

What have we been doing this week? Here are some of our favourite Dormice moments:

White board pens glide sooo smoothly and are irresistible on the graphics table.

A hive of activity in the junk modelling area: cutting and sticking with masking tape.

Helping a friend and being open to accepting help, is what we do well in Nursery.

Sprinkling in a handful of herbs to season the mud stew - mmmm, delicious!

Thank you

To our wonderful PTA, who kindly arranged for an ice cream van to visit school. We ate our choice of ice cream and iced lollies. We all thoroughly enjoyed the delicious summer treat, staff included!

Characteristics of Effective Learning

Active learning: 'I can participate in routines'. There are lots of little routines which make up part of our day and enable us to learn, play, and move about safely together. Washing hands with soap and taking just one paper towel to dry hands; hanging your coat on your peg; lining up and walking in single file; holding the safety handrail on the stairs; sitting at the table to eat together with a knife and fork; making a circle to join in a small group task; sitting in a group to share a story; reading your name to add your dormouse card to the self-registration board; answering 'good morning' at registration; sleeping on your personal mattress at siesta time.

Message from Clare

Clare has asked me to pass on her grateful thanks to all the Badgers and their parents, for her beautiful 'Get well soon' card. She really appreciated being able to feel part of the graduation celebration via the livestream.

Making a den in the shed out of big wooden blocks.

Amelie is proud of her spiral 'Matisse Snail' mosaic.
