

24th June 2022

What have we been doing this week? Here are some of our favourite Badger moments:

Heave-ho! These clever girls have already worked out that teamwork is a very useful strategy.

Harper and Edie build a secret hidey-hole for a friend. Aurora supervises in her role as project manager.

Who's giggling away, hidden deep inside the stack - it's Zach!

After all that heavy lifting, the girls chill out with Sophie.

Congratulations

To all our speedy little crackers who did so well during our annual Sports Day, coping with all sorts of **new sights** and **sounds** and **experiences**.

There were freshly painted running lanes; kind year 6 helpers; an impromptu obstacle race; as well as a big audience of happy mummies and daddies watching from the sidelines; with claps and cheers and photographs; and a welcome from Mr Duigan. We think they did marvellously well.

Characteristics of Effective Learning

Playing and Exploring: 'I can respond to new experiences when they are brought to my attention'. Rosie summons the courage to hold one of our racing snails and is fascinated as the snail extends his eyes.

Creating and Thinking Critically: 'I can make links between ideas.' Bella knows that animals need feeding, so she tries to tempt the snail on the rock with some tasty leaves. Mo and Amelie follow her example of good snail husbandry.

Slip, slap, slop

A gentle reminder to please ensure that you apply sunscreen to your child first thing **before** they come to school, even if it appears cloudy first thing in the morning.

Prior to afternoon play outside, if the weather is hot, we can top up faces/necks/ears that may have sweated out the protection. But please ensure that you have clearly **labelled** the bottle for your individual child.

Thank you for helping us to keep your children safe in the sunshine.
