Gifts from God

When we love someone, sometimes we give them a gift, something special for them to use and enjoy. God has given gifts to each one of us as a sign of His love; these are

our talents from God. God does not give the same things to everyone in the same way; He knows us personally and entrusts us with what is right for us.

Dear Jesus, grant us the wisdom to see within us what you have donated and grant us the courage to overcome any fear we have in sharing these precious gifts with others. Amen.
