

JDV STEAM competition!

Chocolate Bar Invention

To celebrate world Chocolate Day on 7th July your challenge is to design a new chocolate.

Imagine you are the owner of a chocolate company and need a new chocolate which has a magical power.

Your chocolate should have some kind of special ingredient that will give the consumer an extra special power e.g jumping beans to help them leap tall buildings or carrots to help them with night vision.

You will need to include a name, a description, the ingredients and a snappy slogan that will attract your customers attention.

Design your chocolate on paper, or as a 3d model be creative and make it eye-catching. It should be fun, inventive and imaginative, but it does need to be appealing to eat too!

- 1st place - 25 house points
 - 2nd place - 20 house points
 - 3rd place - 15 house points
- All entrees will receive 5 house points.
JDV awards may also be given out!

Closing date Monday 10th June 2024
Please hand in your entrees to Mrs Hardwick or Mrs Cowlishaw
