

4th September 2020

Hello everyone - we have really missed you all! We have spent this first week catching up, learning the new routines for keeping everyone safe, hearing about your time at home, taking photos for your peg, helping you find your drawer and generally having fun getting back into our routine. We love our learning environment and it is so nice to see the whole space being safely used again.

Here are some of the important bits you need to know...

If your child has a temperature, or feels unwell, please can we ask that you keep your child at home. We recognise the importance of building resilience, and the need for 'life to go on', however at this time we feel that it is more important that bugs and germs are kept well away from nursery.

Thank you for your understanding.

If you have **calpol**... stay away from nursery for **24hrs**

If you have **antibiotics**... stay away from nursery for **48hrs**

We will get messy in nursery!!!

Please do not send your child in their best clothes or shoes, easy wash and easy wear things are ideal

Please avoid laces if you can - velcro/easy fastenings mean:

'I can do it myself!'

Always ask us if you need to know anything!
