

Ideas for children moving into Junior 4

Practise telling the time.

Try to estimate how long it takes you to do something. How long does the journey take? What time might the film end? How long will it take me to read the book?

Try to learn one new multiplication table over the holidays.

Challenge: Do you know it as a division?
 $20 \div 4 = 5$

Practise weighing items in the kitchen.
Start looking at the weight of containers in your cupboards.

Challenge: Can you estimate the weight and see how close you are?

Take a photo to celebrate the awe and wonder of the world – it could be an amazing sunset, a view from a mountain or a rainbow.

Extra Challenge: Write a famous quote or think of your own quote to celebrate the beauty of the world.

Getting Ready for JUNIOR 4

Summer Holiday Home Learning

Crackley Hall School

Prepare a shoebox with items which will tell people about your interests and personality.

Bring your shoebox to school on the first day back (or during the first week) and be prepared to sit at the front of the class and tell people why your objects are important to you.

Please continue to read aloud every day and talk about your reading with a grown-up.
Challenge: Can you learn a new word a week to share with your new teacher?

You can also continue to use your Mathletics account.

The attached list of common exception words/ statutory spellings will also be a very good review for the summer.

Happy Holidays!

End of Year 3 Spellings – Make sure these are really secure by the time you return to school in September!
