

VOCATIONS FORTNIGHT

The last year has been a very strange one indeed. We have seen many changes and heard many lovely stories of how people have helped and supported each other, grown closer and tried their best to overcome obstacles in very difficult circumstances.

Crackley Hall would like to commemorate 2020 in a number of ways:

First are collating a list of items that we might want to put in a time capsule. In the next few weeks we will be asking children, parents and staff to suggest items which we would like stored forever.

Remember though, the time capsule is 50 cm long and has a diameter of 10cm. You may have photos that you would like to send in that can be loaded on a memory stick and added to the time capsule. It would be lovely if each class could suggest a different item.

Secondly, pupils are going to be involved in planting daffodil bulbs in the school grounds. A symbol of how we can do positive things in the present to look forward to in the future.

Acts of Kindness

The Minnie Vinnie group will lead an assembly to introduce our 20 Acts of Kindness. Pupils will be asked to complete 20 different tasks which will improve the life of others.
