## Jesus gives New Life

Jesus showed compassion and understanding when Jairus' daughter had died and Jesus brought her back to life again, and when a woman touched His garment in a crowd to be healed.

We too should also remember to ask for healing ourselves. If we are sad or scared, we can feel His presence when we are alone quietly with Him. We can feel His comfort and encouragement to us.

Dear Jesus, help us to listen to you. Let us hear you tell us that you love us and that our faith will grow stronger with you by our side. Amen.
