World Peace Day

The United Nations' International Day of Peace is recognised each year to build a more peaceful world for everyone.

How can our eyes bring peace and love?

How can we use our feet to do good and bring happiness and peace?

How can we use our hands to bless, help and bring peace to those around us?

God of Peace, help us to be peacemakers each day, in our lives, in our families, and throughout the whole world. Amen.
