

We're taking part in NSPCC Number Day!

Dear Parents,

We are excited to announce that Crackley Hall will, once again, be supporting the NSPCC by taking part in Number Day on **Friday 4th February 2022**.

Everything the NSPCC does protects children today and prevents abuse tomorrow.

The NSPCC needs our support more than ever. By raising money, we can help to fund their vital services such as Childline – the helpline that's always there for children and young people whatever their problem or concern.

Making maths meaningful

Number Day is a great way to make maths fun and bring about a positive, 'can-do' attitude towards it.

What happens on the 4th February?

- We are having an exciting day of maths activities that will span the whole curriculum from French to Geography, Music and the Arts. We really will be looking at the maths in everything.
- We will also be taking part in *Dress up for Digits* which was so hugely successful last year. Pupils are asked to get creative and dress up with a mathematical theme.
- It would be wonderful to surpass our total raised last year, and to this end we are asking for a voluntary donation of £2 brought into school on the 4th of Feb.
- This year we will also be having an 'eco maths' theme to many of our activities and some home-learning opportunities and activities will be available via Seesaw.
- Please note - Your class teacher **might** ask you to bring in some additional items to support class activities.

It all adds up

Once again, we are really looking forward to all the fun of Number Day, and we really appreciate your support. All the money we raise at Crackley Hall will make an enormous difference to children today and help the NSPCC prevent abuse and be there for children in the future.

Thank you for your support.

Anna van Zyl

Ideas for dressing up.

Please see below some dressing up ideas. These are just an example; we cannot wait to see how creative you can be.
